

As a Member in the American College of Healthcare Executives, you'll attain the tools, guidance and support you need to gain an edge in the field. Membership will enhance your marketability, relationships, knowledge and leadership so you can excel!

Meet the best and brightest in the field through our diverse membership of more than 30,000 healthcare leaders from the United States, Canada and abroad. Join an ACHE to benefit from networking, education and career development in your area.

ACHE provides numerous opportunities for you to position yourself as a leader in healthcare management. Your membership alone signals your desire to improve the health status of society by advancing excellence in healthcare management.

## 2009 AMBASSADOR ROSTER

ACHE of North Texas Chapter has been recognized by the National ACHE as a national model in communication for recruitment efforts. Innovative communication and recruiting techniques have allowed the Chapter to more than double its membership. Currently, we have 100% national affiliate participation in the North Texas Region. We will continue to seek out new members in the region with our newest program - *the Ambassador Program*.

The Ambassador Program is a progressive concept that will allow the Chapter to continue to increase its membership by identifying current healthcare executives who are not yet members of the local and/or national ACHE organization.

"Ambassadors" will be carefully selected and assigned to healthcare organizations in specific counties. \* The Ambassador's charge will be to: (1) alert the Chapter of new health care executives that have relocated to the area and have/have not joined ACHE, and; (2) identify candidates that are eligible for both national and local ACHE membership as a result of internal promotion, and/or relocation to the area. In addition to these responsibilities, the Ambassador will serve as an ACHE representative within their respective organizations and will actively promote ACHE and educate health care executives about the value of both local and national membership.

The Ambassadors will be carefully selected by the Membership Committee and approved by the Board of Directors. It is a high profile position that requires a specific skill set and commitment to the mission and vision of ACHE. The selected Ambassadors will be posted in the Chapter newsletter and website. Additionally, letters will be sent to the Ambassador's CEO and direct supervisor informing them of their institution's Ambassador.

The program was launched in January 2007. If you are interested in learning more about the Ambassador Program, please contact [Janet Henderson](#) or an ACHE Board Member.

\*Initially, the program will be rolled out in the Dallas, Tarrant and Collin county areas. We will expand the program to other outlying counties at a later date.
